## General requirements for candidates

All candidates should be aware that they are applying for a time-consuming and responsible position. Besides the specific position in the board, the general intention of the YSF is to improve communication, career development and networking between young scientists. Therefore, all of the board members are highly interactive, they are expected to promote YSF and its activities, therefore their tasks are not restricted to their designated position in the board. YSF board members are expected to be present at all ESB conferences and at as many additional meetings organized by YSF if possible. Communication with the ESB board through the ESB-YSF liaison officer (Prof. Aldo R. Boccaccini) is also an integral part of your responsibilities. Candidates should describe their present position as well as future plans according to the attached CV template. Besides their specific interests, the application should be accompanied by a description covering the following aspects:

- Motivation: Describe here your personal intent, explaining why you are keen to work in the Young Scientist Forum and elaborate on your interest in one or multiple specific positions in the board. Indicate any qualification or past achievements that recommend you for the preferential position.
- Possible achievements: This paragraph is intended for your view on the future of YSF.
- Communication skills: List your languages knowledge (written and oral communication level).
- Any other ideas/remarks: This is totally up to you.

To apply for a position in the YSF board, please **fill out the application form + CV** and send it by e-mail (in PDF) to David Barata – YSF Secretary ([ysf@esbiomaterials.eu](mailto:ysf@esbiomaterials.eu)) no later than **15<sup>th</sup> November 2018, 5:00 pm GMT + 1**. Upon receiving applications, candidates will be announced on the ESB website and members will be invited to vote using the e-voting system. New board members will be announced shortly after. The application form, official structure and the functions of the board can be found on: <http://ysf.esbiomaterials.eu>.

Looking forward to working together with you for the YSF!

Lab leaders: Please forward this announcement to all Young Researchers in your group.

Best regards,

Sandra Van Vlierberghe (YSF spokesperson) and  
David Barata (YSF secretary)  
*on behalf of the YSF board*
